

HOW TO CREATE A BIBLE READING GROUP USING THE MARCO POLO APP

DOWNLOAD THE MARCO POLO APP

- 1. Install the Marco Polo app on each member's smartphone.** Snapchat or another video sharing app can work just as well.
- 2. In the app, create a group conversation that includes each member.** Don't know how? Just ask your most tech savvy group member to help.
- 3. Assign each day of the week to one group member.** The Foundations of the Old Testament reading plan has five days per week, so your schedule could look like this:
Monday: Peter
Tuesday: Andrew
Wednesday: James
Thursday: John
Friday: Paul
- 4. Read the daily passage on your assigned day.**
 - Begin your recording by 7:00 a.m. (or whatever time the group agrees upon).
 - Open the Marco Polo app, select your group's conversation, and tap "Start."
 - While the app is recording, you will:
 - Read the assigned passage.
 - Share something you noticed.
 - Share something the passage made you wonder.
 - Share a way you need to apply what you read.
 - Share something you're praying for.
 - Pray.

Remember, your group will get a notification once you start recording. They can watch it live or watch it later. Help your group by making sure you:

- Post your recording on time.
- Respect the privacy and time of your fellow group members.
- Make sure your surroundings are appropriate for the group video.
- Be encouraging in what you say.
